

Entrust People have a fantastic opportunity for a **Health & Safety Manager** to join our client - A leading Medical Device company based in Livingston.

The role is offered on an initial 12 month contract with a very attractive day rate for someone with experience developing and implementing health & safety procedures throughout a medical device manufacturing facility.

Responsibilities:

- To provide the renewal of COSHH and Risk Assessments site wide.
- Implementation and staff training
- Complete risk assessments for all relevant change projects
- Drive Health and safety compliance with local and EU legislation
- Drive a health and safety culture by reinforcing and conducting regular audits on processes, supplies and employee behaviour.

Requirements:

- NEBOSH Certificate
- An in-depth understanding of essential Health and Safety legislation
- Experience of chemical handling within a manufacturing and laboratory setting
- Experience of Health and safety within a manufacturing environment and Health and safety contractor management.

In Return

- Attractive Day Rate
- Fantastic Team Collaboration
- Great working environment
